ENGINEERING OPPORTUNITIES AT CURRAGH MINE

BE PART OF OUR SUSTAINABLE FUTURE

Looking to develop your career in a dynamic & challenging work environment?

Want to be part of a unique organisation where you are a name not a number and your efforts are recognised and rewarded? Wesfarmers Curragh is currently at the commencement of an exciting expansion phase that will significantly increase production and extend mine life to beyond 2025.

The following professional opportunities are currently available:

- **PROCESS ENGINEER (Coal Handling Preparation Plant)**
- **MINING ENGINEER (degree qualified)**

Join a company where you will be rewarded with premium pay, subsidised accommodation, short and long term incentive plans, and as we are part of the Wesfarmers organisation, unique career opportunities.

Curragh mine is located approximately 15km from the township of Blackwater, 2 hours drive inland from Rockhampton in Central Queensland.

For information on the above positions, how to apply and other opportunities with Curragh, please refer to our website: www.curragh.com.au
